

Waste and recycling

We are Registered Waste Carriers (certificate numbers AEA/794156 and CB/XN-5916BH) under the Control of Pollution (Amendment) Act 1989. We help our customers to comply with the following waste related legislation:

EU Landfill Directive Pre-Treatment of Waste requirements

Duty of Care (Section 34 of The Environmental Protection Act 1990)

The Hazardous Waste (England and Wales) Regulations 2005

Animal By-Products Regulations

Environmental Protection Act (EPA) 1990

List of Waste regulations (LOW).

Ozone Depleting Substances (ODS) Legislation

We provide refuse, recycling or composting collections to over 2000 businesses and more than 100,000 domestic properties every week

Over 30% of the waste we collect from businesses each year is recycled

We offer a complete waste and recycling service to over 2000 businesses, providing them with the type and size of container they require and with a frequency of collection that suits the needs of their business.

For businesses with large volumes of waste we can provide skips or an emptying service that calls more than once a week. We can arrange one off clearances of waste and arrange for the collection of hazardous wastes or of waste electrical and electronic equipment.

We have two operational and office bases in East Suffolk, which means that when you call us you will speak to staff who live and work in your local area and who understand the needs of local businesses.

Our customers range from sole traders to some of the biggest employers in our region. We will work with you to provide you with the service that is right for your business.

We take around a thousand tonnes of waste from businesses to be recycled or composted each year, benefiting the environment. By helping you to recycle your waste we may even be able to save you money. For a quotation, or to arrange a free waste audit, or for more information, please call us on 01394 444000, or visit our website at www.suffolkcoastalservices.co.uk.

Staff Qualifications

Our waste management team is highly trained - over 40 of our operatives have NVQs in Waste Services, whilst our managers and supervisors hold CIWM and WAMITAB qualifications.

As an Investor in People accredited company we are committed to developing our staff and involving and empowering them to deliver the high standards our customers expect
